

U.S. SAFETY SCREENS

Create your own work area with free-standing, portable safety screens.

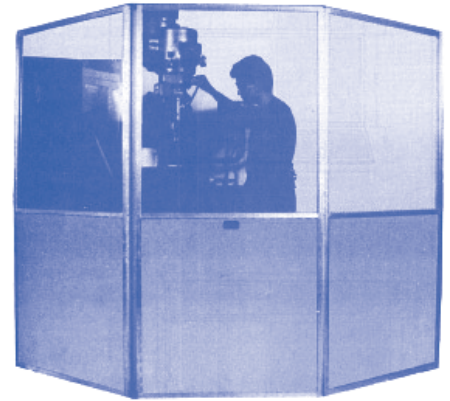

U.S. Safety Screens is a premier manufacture of safety screens to be used in manufacturing facilities such as machine shops, fabrication shops, assembly environments or any environment where safety is an issue.

Our screens provide, safe, neat and sturdy protection. Our frames are made from 60661-T6 extruded aluminum. The lower inserts are made form enameled safety colored tempered masonite with various inserts in the upper sections. Inserts can be easily replaced and are interchangeable.

Features

U.S. Safety Screens® provide safe, neat, sturdy protection around all of your machining work areas.

- Designed for use in manufacturing facilities such as machine shops, fabrication shops, assembly environments or any environment where safety is an issue.
- Frames are made from sturdy 60661-T6 extruded aluminum.
- Lower inserts are made from safety colored enameled & tempered masonite.
- Choice of 3 different durable, semi- transparent & transparent materials for upper inserts.
- Upper inserts are easily replaceable and are interchangeable.
- Easy to fold, move & store.

Upper Insert Materials
